

LIVELY DEBATE ON THE RAILWAY TAX

Assembly Could Not Agree After a Long Discussion Today.

LENROOT BILL KILLED

Portage Levee Measure Appropriating \$20,000 Passed in the Senate.

NO PRIMARY BILL REPORT

Madison, Wis., April 23.—The assembly spent two hours today in the discussion of the railway taxation bill, increasing the rate from 4 to 5 per cent for the big roads, and finally took a recess until three o'clock without coming to a vote. The bill was reported for indefinite postponement by a committee majority of five to four.

The Lenroot franchise bill, providing that the franchise granted the cities must be submitted to vote of the people, passed by the assembly after a long struggle was killed by the senate today by a vote of 16 to 13.

The bill appropriating \$20,000 to straighten the Wisconsin river levee at Portage brought out some opposition in the senate on constitutional grounds, but was concurred in 24 to 5.

The resolution fixing the date for final adjournment was laid over by the senate, but after the session the republican senators held a caucus and agreed to make the date May 11.

There is no report yet on the primary election bill from the assembly. A caucus of the friends of the Stevens bill was held before the session, but nothing was accomplished.

Election Bill Gossip.

Madison, Wis., April 23.—The primary election bill was not reported last night. It was understood that it was coming, but it did not appear and it is not certain when it will be reported. Chairman Steiger of the committee on privileges and elections says that it will be reported today if he can have his way about it, but some other members of the committee say that it can hardly come in before Wednesday morning.

The democrats are going to caucus on the matter today and as near as can be learned they will be practically solid against the substitute. Some of the members say that they will stand by the Hagemaster substitute to the end, in which event it will probably go to the governor. Still another report was, as stated above, that the senate would agree to such a substitute as was proposed. When asked if the senate would agree to legislative districts Senator Jones replied: "The capitol is as likely to fall."

Passed the Ice Bill.

The assembly last evening spent a great deal of time discussing the bill of Mr. McCabe relating to special verdicts. The arguments were along the same line as when the bill came up for the third reading. The vote was 41 to 26 and the bill will now go to the senate.

The Overbeck ice bill imposing a tax of ten cents a ton on all ice shipped out of the state, came up again. On Friday the assembly passed the bill but the ayes and noes were not called as required and this was done

this evening. Judge Orton said that the bill was unconstitutional, but it was passed by a vote of 43 to 28. Gilbert E. Vandercook's claim of \$1,350 was allowed by the assembly after a debate. The claim is for expenses in contesting the seat of Assemblyman Cook.

To Finish Apportionment.

This evening the special committee on apportionment is to meet to make another attempt to finish the senatorial apportionment. The last meeting left the committee in a bad tangle and it was understood that there was not to be another meeting until things had shaped themselves so something could be done. It is said now that the trouble has been adjusted and that an agreement can be reached.

FRANK HOGAN HAS A NARROW ESCAPE

His Wheel Got Away from Him Coming Down a Steep Hill, and He Was Badly Bruised.

Frank Hogan, a son of Chief of Police J. W. Hogan, who is employed as errand boy by Bort, Bailey & Co., had a narrow escape from serious injury yesterday afternoon while riding his bicycle down Clark street in the Third ward.

He was coming down the hill on his wheel and on account of the steep grade lost control of the wheel and dashed down the hill and across Main street at a furious pace. His wheel collided with the curbing on the west side of Main street, crushing the front wheel into a shapeless mass and throwing him about fifteen feet. People passing saw the accident and went to the boy's assistance. He was stunned and bruised and did not recover consciousness for almost twenty minutes. He was unable to use his arm and was taken to Dr. Gibson's office. An examination showed that no bones were broken, but that he had a number of severe bruises which will lay him up for a day or two.

PETTIGREW HOPES TO DEFEAT KYLE

Hanna's Arch Enemy Has Made a Million, and Will Try to Get Back to Congress.

Washington, April 23.—Senator Hanna's arch enemy and the administration's most virulent opponent, Ex-Senator Pettigrew, who was defeated last fall through a personal fight directed against him by the National Republican committee may come back to congress. He intends to be a candidate for reelection in the senate in 1902 as a successor to Kyle and already is laying the foundations for the fight. Kyle himself brings the news and says that he hopes to defeat Pettigrew, but realizes that he will have a hard fight. According to a Sioux Falls story Pettigrew has cleaned up over a million dollars lately in stocks by following the advice of J. J. Hill.

Gertrude Spencer Resigned.

Miss Gertrude Spencer has resigned her position as teacher in the Adams school and has gone to Detroit to study music in the Detroit conservatory. Her musical education is so far advanced that she expects to finish the course in three months so as to accept a position as director of music at the opening of the school year next fall. Her place at the Adams school is being filled by a substitute for the balance of the year.

An additional room has been opened at the Adams school for the relief of the first grade, Miss Grace Wright having been placed in charge. The opening of the room is made necessary each spring.

GYPSY QUEEN MADLY IN LOVE WITH JANESVILLE YOUNG MAN

Declares Her Passion and Has the Fellow Nearly Scared to Death--He is Afraid of Being Kidnaped--Writes Him Love Letters

Queen Zyra and her dusky companion in the fortune telling and money extorting business have shaken the dust of Janesville from their feet and have decamped for pastures new where credulous and foolish people will continue to support them in their bold and easy way of living which has worse characteristics than its mere idleness.

There is one young man prominent in the best society of the city, who will breathe easier now that the two self styled gypsies have departed, for they persecuted him with their attentions until it is claimed that he used to go to and from his place of business by the back streets in order to avoid passing the building which served as Queen Zyra's temporary palace. Those who enjoy the young man's confidence state that the persecution dated from the day when the young man, yielding to the entreaties of his friends and in a spirit of fun, visited the palace for the purpose of having his fortune told.

Rumor has it that the fortune teller forgot her business and throwing her arms around his neck declared herself to be wildly in love with him and asserted that it was a violent instance of love at first sight. She had felt Cupid's arrow in her heart when first she gazed upon him. The young man, who is rather noted for his fastidiousness, made his escape with all possible speed and resolved to keep out of the way of the smitten victim of the tender passion.

But all of his efforts were of little avail. His inamorata was not bothered with the complications of modesty which are usually accredited to the feminine sex and she did not hesitate to hail him whenever she saw him, no matter though the width of a street intervened. One could hardly pursue love making at the distance which the young man kept, however, and so he began to receive loving epistles, very well written, by the way, and clothed in a language which one would scarcely expect from a gypsy.

The letters came to a climax with a proposition to the young man to leave town with the fortune tellers. The letter pleaded the writer's passionate love for him, saying that he must

SHOW THEIR HOSTILITY TO THE U. S.

Cuban Commissioners Land Today--There Can Be No Peace Without Independence, They Say.

Jacksonville, Florida, April 23.—The Cuban commissioners, who arrived last night from Miami and Havana left here at ten twenty this morning, for Washington. While somewhat reticent they plainly showed their hostility to the United States and the Platt amendment. General Portuondo in interview said:

"Ninety-nine per cent. of the Cuban people desire absolute independence. It is their wish that the military occupation of Cuba come to an end immediately.

"Those Spaniards who favor annexation are not impelled by any love for the United States. They hate Americans but they seem to wish some sort of a guaranty as to their property and business interests.

STITCHED HEART WOULD NOT WORK

St. Louis Patient Who Underwent the Surgical Operation, Died Early This Morning.

St. Louis, Mo., April 23.—Phillip Gunn, aged 22, whose heart wound was stitched by Dr. Nietret at the city hospital on Saturday night, died this morning.

Gunn, a porter for the A. F. Shapleigh Hardware company, lived at 114 North Tenth street, and claimed that he was stabbed by John O'Hearn in a fight at Eighth and Carr streets, where he was found in a dead faint on Saturday night.

At the hospital Gunn was put upon the operating table and a section of his breast bone sawed out and his heart exposed. Three stitches were taken between beats, after which the outer covering of the heart and the skin stitched closely. The section of the breastbone removed could not be replaced.

All day yesterday the man with stitched heart was kept under the influence of morphia and watched closely. Dr. Nietret considered it remarkable that he lived as long as he did. There are only a few similar cases on record. As a rule death occurs after the heart is even touched by a foreign substance. Gunn regained his senses after the operation, spoke clearly and identified his assailants. It was thought that his chances for recovery were good.

BRITISH TAKE MANY BOERS.

Lord Kitchener Notes Capture of 242 Since Last Report.

London, April 23.—Lord Kitchener, in a dispatch to the war office under date of Pretoria, April 21, says: "Since my last report the British columns have captured 242 prisoners, 248 rifles, some ammunition and wagons and carts. A few men also have surrendered."

Cape Town, April 23.—Albert Cartwright, editor of the South African News, who was arrested in February on a charge of sedition and defamation libel in having published in his paper a statement that Lord Kitchener had secretly instructed his troops to take no prisoners, has been convicted and sentenced to one year's imprisonment.

Carter Must Stay in Prison.

Washington, D. C., April 23.—The United States Supreme court has denied the application of Capt. Oberilla M. Carter to be admitted to bail.

SIDNEY RICHARDS TELLS HIS STORY

HOW HE WAS INDUCED TO SIGN A NOTE FOR \$40.

H. R. Stark and Ed. Clifford on Trial in the Municipal Court on Charge of Swindling--Claim They Are in Legitimate Business--Tell a Flimsy Story.

H. R. Stark and Ed. Clifford or E. J. Clifford, were brought before Judge Fifield of the municipal court this morning on the charge of obtaining money under false pretenses.

The complaining witness was Sidney Richards, a farmer residing in the town of La Prairie on the Beloit road. Richards testified that Stark and Clifford or Hayes, came to his home yesterday morning and stated that he was an agent of the St. Joseph's hospital of Milwaukee and was going around examining chronic cases of sickness with a view to offering a cure.

Mrs. Richards had been suffering from rheumatism for a long time and as Stark represented that it would cost nothing for an examination they decided to give him a chance. He then went out and called in Clifford, who he said was the examiner.

Clifford examined Mrs. Richards and told him they could cure her, and that they would have to pay nothing for the treatment unless a cure was accomplished inside of four months. Under these circumstances Richards decided to let them go ahead and gave them a note for \$40 signed by himself and wife, payable in six months.

They gave him a large blue certificate signed by E. J. Clifford, examiner, setting forth that Sidney Richards had on April 22 given his obligation for \$40 for medical and surgical treatment for four months or until satisfied and if he was not satisfied in four months the obligation would be returned.

After they had gone Richards became suspicious of them and came to this city looking for them. Chief Hogan picked up Stark near the First National bank and Clifford at the Park hotel. After they were in the lock-up they gave up Richards note and also a note for \$28, signed by Peter and Mary Conlin which they had secured in the same manner.

They claim that they are not swindlers, that they are working for a man named Kane that they met in Harvard, Ill., who represented the St. Joseph Hospital company of Milwaukee. He offered them a salary and a percentage to travel for him and solicit business and they are able to do what they agreed.

After taking Richards testimony the district attorney asked that the examination be continued until Thursday at ten o'clock in order to secure additional witnesses, which request was granted. In default of \$800 bail the defendants went back to jail.

AGUINALDO HOPES FOR SPEEDY PEACE

Advises His Filipino Followers To Quit the Hopeless Struggle.

AMERICAN RULE BEST

Insurgents Are Strongly Urged To Swear Allegiance to United States.

WANTS PRISONERS RELEASED

Manila, April 23.—Aguinaldo, when seen yesterday afternoon at No. 56 Solano street, whether he was removed from the Malacan palace, looked well and was conversing with Benito Legardo, who but recently returned from the United States. Legardo was telling him about the trip, and Aguinaldo seemed intensely interested, smiling frequently and asking numerous questions. He inquired particularly as to what President McKinley said, and seemed anxious to know what was thought of him in the Philippines, and expressed himself as surprised at what the Americans had accomplished. When he was first captured he went on to say he was greatly astonished to find that a majority of the Filipinos entertained the opinion that American sovereignty was preferable to independence, but now he was inclined to believe that way himself.

He explained that since the dissolution of the insurgent congress and the declaration of guerilla warfare, the chiefs had operated to all intents and purposes independently. They recognized him as commander-in-chief, sending him reports occasionally, and he issued some orders; but for the last seven months communication had been difficult and he had been almost disconnected.

"I am now urging in the strongest possible manner," said Aguinaldo, "that all insurgents should surrender and swear allegiance to the United States."

JANESVILLE SPORTS WON CHICKEN MAIN

Madison Birds Are Not in It with the Feathered Fighters of the Bower City.

Janesville sports were at the chicken main at Madison last night. The main was scheduled to be sixteen battles between stags; chickens not over a year old. Janesville showed thirteen birds and Madison produced nine that would weight in with them making the main nine battles.

At the end of the fight the main was a tie each side having won four battles. In the ninth fight when the birds were pitted, the Madison bird refused to face and the Janesville men claimed the main.

The Madison handler claimed that under the rules he had fifteen minutes to heel and to pit a new bird, which claim the referee allowed. The next bird also refused to face and the main was awarded to Janesville. The main was for \$10 a fight and for \$50 on the main.

A number of other fights followed the main and Janesville won the majority and brought home the Madison sports' coin. The affair was pulled off at a well known sporting resort and was attended by three hundred sports from Janesville, Beloit, Madison, Milwaukee, Chicago and other towns near Madison.

It pays to read T. P. Burns' ad.

OHIO RIVER FLOODS SUBSIDING; WATER HAS REACHED TOP MARK

Pittsburg Factories Recover, and Work Resumed--The Loss Will Not Fall Short of \$2,000,000--Four Lives Are Lost at Marietta, O.

Cincinnati, O., April 23.—Alarm over the flood has almost subsided in the lower Ohio valley. The low water in the river below this city has allowed the floods from above to flow rapidly toward the Mississippi. The situation is still serious east of Cincinnati, notably at Ripley, Maysville, Aberdeen, Cattlesburg, Huntington, Point Pleasant, Pomeroy, Marietta and Parkersburg. The crest of the flood is below Wheeling today and the further downstream it gets the lower is the rate of rising. The uniform rate has fallen to one and one half inches per hour.

Flood Is Over at Pittsburg.

Pittsburg, April 23.—The flood is over and there is no danger of another rise at this point nor above for the present. All upriver points report that rain and snow have ceased and that the waters are falling.

The rivers about this city are down so that the works along the banks are running. There is a good deal of cleaning up to be done. Losses in and about Pittsburg probably will reach \$1,000,000. Add to this the loss to the railroads and manufacturing plants, with the loss in wages to the workmen, and the total will not fall far short of \$2,000,000.

Four Persons Are Drowned.

Marietta, O., April 23.—Four persons were drowned in the Ohio river today. A boat containing nine men was carried under the wharfboat here by the swift current and Joseph Everett, a glassworker, was drowned. The others were rescued.

St. Paul Stock Is STILL CLIMBING UP

Big Combination Is On by Which This Road and the U. P. Form an Alliance.

PEOPLE OF SHARON HAVE A SCARE; FULL FLEDGED CASE OF SMALL POX

Brought Down from Northern Wisconsin by Milton Welch--Everybody Exposed--Many Persons Quarantined--Vaccine Points in Demand.

The people of Sharon, Walworth county are very much alarmed over a full fledged case of small pox that has appeared in their midst. Rush orders were received by Janesville druggists this morning for vaccine points, and it is the intention to vaccinate the whole village as nearly all of the people in that section have been exposed.

About the first of last week, a young man whose name is Milton Welch and whose home is there, returned from a trip to the northern part of the state. He complained of not feeling well, but did not stay in the house and circulated freely about the village and country. Yesterday he called in Dr. C. R. Treat, who pronounced it to be smallpox. When the news got out there was a general

alarm. Drs. Treat and Dwyer at once took charge of the situation and Welch was quarantined with all of those who had been subject to infection as far as known.

Everybody right and left that had come in contact with the case is being vaccinated.

Dr. Dwyer reports to The Gazette that it is unquestionably a case of small pox and that very many people have been exposed.

Every thing is being done to prevent the spread of the disease. He does not think with such strict measures that there is any danger.

More than twenty people known to have been exposed are under strict quarantine and will be kept there until the danger is past.

SUP'T COOLEY HAS FIGHT AT CALUMET

Exchanges from Calumet, Mich., contain extended accounts of trouble over Supt. Frank W. Cooley, who formerly had charge of the schools of this city. Ever since Supt. Cooley has been in Calumet he has had a spirit of opposition to his methods to contend against. It is said that two members of the school board have never been in favor of him.

The published articles concerning the present trouble are rather vague but one infers from reading them, that those who opposed to Supt. Cooley are taking advantage of another man's misdeemeanors to depose the superintendent. One of the male assistants at the Calumet high school has been accused of kissing the young girls who attend the school and Supt. Cooley has been called to task for not discharging the teacher. According to the information at hand the superintendent has no power to discharge teachers in Calumet and Supt. Cooley's friends declare that he is being unjustly blamed, that he has shown himself ready to investigate the truth of the charges made by the girl students and that the teacher who is accused of amusing himself by making love to his pupils was hired by the board of education without Supt. Cooley's recommendation.

Two prominent women of Calumet have circulated a petition asking the board to retain Supt. Cooley. All of the teachers have been asked to sign and the opposition claims that many who signed have admitted that they did so because they felt that their position in the schools depended upon it. The fight has every appearance of being a warm one and will be carried to a finish.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend to my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time which seemed to relieve her so quickly that I bought some myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by People's Drug Co., and King's pharmacy.

School Yard Improvements.
The contest in school yard improvement has aroused interest not only among teachers and pupils but among citizens, and W. T. Shaver has made an offer to Washington school that he will donate Boston ivy plants enough so that the entire building may be covered with vines, if desired. A. A. Jackson has also notified Supt. D. D. Mayne that there are three very fine young elm trees on the North Main street property which is being cleared by the C. M. & St. P. R. R. and that any of the schools are welcome to the trees.

If troubled by a weak digestion, loss of appetite, or constipation, try a few doses of Chamberlain's Stomach and Liver Tablets. Every box warranted. For sale by Peoples' Drug Store and King's Pharmacy.

Oregon, Washington and Idaho is the title of a new booklet descriptive of these states, a copy of which, with a new map of the Columbia River region, will be mailed free on receipt of six cents in postage by W. B. Kniskern, 22 Fifth ave., Chicago, Ill.

I. W. Harper Whiskey awarded Gold Medal at Cotton Exposition, New Orleans, '85. Gold Medal at World's Columbian Exposition, Chicago, '93. Gold Medal at Paris Exposition, 1900. The kind your grandfather used still leads. Absolutely pure. Sold by Kehoe & Cullen, Janesville, Wis.

Very Low One-Way Rates via C. M. & St. P. R. R.

On February 12, 19 and 26; March 5, 12, 19 and 26; and April 2, 9, 16, 23 and 30, to points west and northwest, and rates and territory call at passenger depot.

Sales of Seed Leaf

Sales of seed leaf tobacco reported by J. S. Gans' Sons, Tobacco Brokers, No. 128 Water street, New York, for the week ending April 22, 1901:

125 cases crop of 1900 New England Havana Seed, at 22 to 67 1/2 cents.
400 cases crop of 1899 Flats, at 15 to 18 cents.
200 cases, crop of 1899, Gebhart, at 12 1/2 cents.
250 cases, crop of 1899, Zimmers, at 15 to 16 cents.
175 cases, crop of 1899, Pennsylvania Seed Leaf, at 12 1/2 to 13 cents.
100 cases crop of 1897, Wisconsin Havana, P. L.
25 cases crop of 1899, Wisconsin Havana, at 12 to 13 cents.
Total, 1,500 cases.

SPRING LANGUOR.

Hostetter's Stomach Bitters is what you need at this season to brace you up. It's a medicine for everyone, young or old. To tone up the nerves, sharpen the appetite, build firm flesh, rid the system of all impurities and cure stomach disorders, there is nothing like it. It is a safeguard against insomnia or attack of biliousness. See that our Private Revenue Stamp covers the neck of the bottle.

GOOD FOR YOUR LIVER AND KIDNEYS. **HOSTETTER'S STOMACH BITTERS**

A FEW FACTS.

About the New Catarrh Cure. The new Catarrh Cure is a new departure in so called catarrh cures because it actually cures, and is not simply a temporary relief.

The new Catarrh Cure is not a salve, ointment, powder or liquid, but a pleasant tasting tablet containing the best specifics for catarrh in a concentrated, convenient form.

The old style of catarrh salves and ointments are greasy, dirty and inconvenient at the best; the new preparation being in tablet form is always clean and convenient.

The new Catarrh Cure is superior to catarrh powders because it is a notorious fact that many catarrh powders contain cocaine.

The new Catarrh Cure is called Stuart's Catarrh Tablets, a wholesome combination of blood root, beachwood tar, guaiac and other antiseptics, and cures by its action on the blood and mucous membrane, the only rational treatment for catarrh trouble.

You do not have to draw upon your imagination to discover whether you are getting benefitted from Stuart's Tablets; improvements and relief are apparent from the first tablet taken.

All druggists sell and recommend them. They cost but 50 cents for full sized packages, and any catarrh sufferer who has wasted time and money on sprays, salves and powders, will appreciate to the full the merit of Stuart's Catarrh Tablets.

CHANGES IN THE REVENUE LAWS

Inasmuch as the general public does not seem very well informed on the United States revenue law as it stands since it was amended last month, it has been deemed advisable to publish some of the principal facts concerning the law.

The taxes have been retained on bankers' capital, stock brokers, pawn brokers, proprietors of theatres, museums, circuses, public exhibitions, bowling alleys, billiard rooms, cigarretes, dealers and manufacturers in tobacco, bonds or certificates of stock, drafts or bills of exchange, freight receipts or domestic bills of lading, sparkling or other wines, petroleum and sugar refineries, sleeping and parlor car tickets, mixed flour and tea.

The taxes have been repealed on bank checks, certificates of deposit, promissory notes, money orders, bills of lading for export, express receipts, telephone messages, certificates of damage, charter party, telegraph message, life insurance, marine, inland and fire insurance, casualty, fidelity and guaranty, lease, mortgage or conveyance in trust, manifest for custom house entry, power of attorney to vote and to sell, protest, warehouse receipts, proprietary medicines, perfumery and cosmetics and chewing gum.

How's This?
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.
F. J. CHENEY & CO., Props., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out all obligations made by him.
WEST & TRUX, Wholesale Druggists, Toledo, O.
KRAVITZ & MARVIN, Wholesale Druggists, Toledo, O.
Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Price 75c per bottle. Sold by all Druggists. Testimonials free.
Hall's Family Pills are the best.

AIMS AT KAISERS' LIFE.

Would-Be Assassin Tricky the German Police—Is at Large.

Bremen, April 23.—An assassin sent by the anarchists of Paterson, N. J., to kill the kaiser has escaped the vigilance of the authorities and probably has landed upon European shores. Rodolfo Romagnoli, who was appointed at a secret meeting of the conspirators in the New Jersey city, the same band which sent out Bresci to kill King Humbert of Italy, to assassinate the kaiser, is missing and the German police are in hourly dread of his vindictive purpose. The election of Romagnoli was not found out until three days ago, when the authorities of Paterson found full proofs of the matter and cabled to the Berlin police.

SWEPT OVER NIAGARA FALLS.

Unknown Man in Small Rowboat Goes to His Doom.

Niagara Falls, N. Y., April 23.—Workmen today observed a small rowboat with a man in it being carried down the river into the upper rapids by the swift current. The boat remained upright until well toward the brink of the horseshoe falls. Then it capsized and soon the man and boat passed from view over the great falls. No trace of the man or the boat have come from beneath the falls. Who the occupant of the boat was or how he came to be on the river in such peril is a mystery.

MINERS GO OUT ON STRIKE.

Over Two Thousand Quit Work in Ohio and West Virginia.

Columbus, O., April 23.—Twenty-five hundred mine workers of the lower part of sub-district No. 5 of Ohio and West Virginia have gone out on strike. The miners have been working under a temporary agreement for the past three weeks. The strike was caused by a disagreement in regard to the dead work scale. Possibly it may affect other districts of the state. The fifth sub-district includes Belmont, Harrison and Jefferson counties, Ohio, and the four West Virginia panhandle counties.

AMUSEMENT NOTES

For a 10, 20 and 30 cent combination the Standard Stock company, which opened a three nights' engagement at the Myers last night, was a complete surprise to the fairly large audience in attendance. There were some remarkably good things in the show, and the whole play was pushed through with a dash and spirit that was refreshing. "McNulty's Visit" was a roaring farce, and highly enjoyed. The specialties were very fine. The musical Melodettes were very funny, and artists with the banjo and other musical instruments Miller and Bryan song and dance, are a graceful, pleasing pair. Tonight a "Young Hero" will be presented, with the usual specialties. It is a show worth seeing, and the house should be crowded.

The bright, entertaining musical comedy which has won so much praise for Miss Held throughout the country comes to the Myers Grand, on Friday, April 26, for a limited engagement. The original company and production will be brought to this city by Manager Ziegfeld and the event of Miss Held's appearance here will be a notable one. The story of this play in brief is as follows: Act I. is laid at the convent of St. Dorothy near Fontainebleau, France, where the news has just arrived of the marriage of the favorite pupil, Anna, to Baron Florestan de la Boucaudiere, Papa, an old and gay widower, who has a son. At the wish of the bride the bridal tour is to begin at the convent, where all is excited expectancy. The stage is held before their arrival by Aristide, Papa's son, who is kept busy endeavoring to extricate his father from his numerous entanglements. Coralis, formerly a nursery maid, now a queen of burlesque and Papa's "latest" and professor Celestin, music teacher at the convent who knew Charlie in the nursery maid days meet. Celestin has a burlesque opera which he is anxious to have produced.

Upon the arrival of the happy pair and who acts well the demure, unsophisticated convent girl, sings a song in her inimitable way about being "So awfully, ridiculously innocent, I wish I wasn't, but I am," and thereupon announces her intention of remaining at the convent with the other girls and sleeping in her own little room. Papa, to his despair, finds himself a supernumerary and with his valet retires to the hotel where he is to meet Coralis. This act closes with Anna flashing about the stage in an automobile on her way to the Golden Gate Hotel where she has been invited to a supper by Major Bonbardos, Papa's rival. The major is under the mistaken impression that she is Coralis, the burlesque queen and that he is stealing a march on Papa. Act II. gives the gorgeous banquet scene. Anna after repeated inquiries for the Baron, her husband, starts to enjoy herself and amusing the guests with the effects of her taste of champagne. Here occurs the song of the "Colonel."

Coralie's apartments in the hotel are in view during this scene and much amusement is caused by her repeated ringing of a bell calling for Celestin at the most inopportune minutes. Coralie is disappointed at the non arrival of the Baron, whom she had expected. Aristide appears upon the scene in search of the Baron and is very much shocked at the condition in which he finds her. The innocent Celestin is accused of complicity, and the curtain falls on a series of misunderstandings. Act III. discloses the military barracks where Aristide has brought Papa's wife and where she incorrigibly flirts with every uniform she sees.

Celestin after a vain attempt to disguise himself in a borrowed uniform receives rough handling all around. Just as Papa's son has come to the conclusion that a divorce is necessary the surprising discovery is made that the bride had been married to Papa under his son's name, so she is not Papa's wife but his Son's wife.

Stuart Robson who is now universally recognized as America's greatest comedian, will present "She Stoops to Conquer" in this city at the Myers Grand Opera House on Friday, May 3. Such an opportunity to see so distinguished an actor in one of the most notable comedies ever written has seldom been given to local theatre goers. A house filled to its utmost capacity should greet Mr. Robson, thus following the example of theatres in other cities where Mr. Robson has appeared in "She Stoops to Conquer" this season. Mr. Robson has been seen in a very large number of parts since he made his debut nearly half a century ago, but in She Stoops to Conquer he has made the greatest hit of his career. The company surrounding him this season is the most noteworthy organization that has ever surrounded a star. It includes some of the most prominent and highest salaried people in the dramatic profession. Theatre goers are advised to secure seats well in advance if they wish desirable locations for "She Stoops to Conquer."

Do not leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be procured while you are on board the cars or steamship. It is pleasant, safe and reliable. For sale by People's Drug Co., and King's pharmacy.

Jennie—To have a beautiful neck wiggle your head from side to side, every night take Rocky Mountain Tea. It's a short cut to a graceful form. 35c. Smith's pharmacy, kodak agents, next to postoffice.

Sparta Mills Burned.

Sparta, Wis., April 23.—Fire totally destroyed the paper mills of O. R. Newton & Sons, entailing a loss of \$75,000, partly covered by insurance. The firm will rebuild at once. The fire is said to have been of incendiary origin.

Imitators have been many. Thoughtful people have learned that true merit comes only with the genuine Rocky Mountain Tea made by Madison Medicine Co. 35c. Smith's pharmacy; kodak agents, next to postoffice.

Kensit Creates a Stir.

The scene in Bow church, London, at the consecration of Ingram as bishop of London resembled a political meeting. John Kensit entered an expected protest against the appointment. His remarks caused an extraordinary uproar, and he was greeted with cheers, hisses and shouts of "Order!" "Shame!" "No Popery!" etc.

Falls from Elevated Train.

Chicago, April 23.—Herman Timm fell from a Northwestern Elevated train at Pacific avenue and Van Buren street last night and received injuries from which he died later at the Samaritan hospital. Timm attempted to board the train after the gates were shut and the train in motion.

Dyspepsia 20 Years

Could Eat Only Stale Bread—All Else Caused Distress.

"I have derived so much benefit from Hood's Sarsaparilla, after having been a sufferer for more than 20 years from a bad stomach trouble, that I would like to tell about. For years I was obliged to live on stale bread and the juice of beefsteak. I had a great deal of inflammation and gastric trouble and was twice at death's door. A friend told me of Hood's Sarsaparilla and I decided to try a bottle. I derived so much benefit from it that I got three more, and after taking them felt that I was entirely cured. I am now 55 years old and enjoy excellent health for one of my years, but every spring I take a bottle of Hood's so that I may feel strong and well during the summer, and I recommend it to anyone who suffers from dyspepsia or indigestion." Mrs. A. G. MARSON, 12 Mason Street, Salem, Mass.

All Run Down—Torpid Liver.

"Every spring I suffer from torpid liver and the debilitating influence of the change from cold to warmer weather. Last spring found me unusually run down, having nursed four of my children, unassisted, through a siege of scarlet fever. I took Hood's Sarsaparilla and passed through the trying months without any inconvenience whatever. I believe for persons having an inactive liver and poor blood Hood's Sarsaparilla is a good medicine." Mrs. E. B. GROSS, Findlay, Ohio.

It is because Hood's Sarsaparilla is Peculiar to Itself that it effects such remarkable cures. Try it.

THE SHERWIN-WILLIAMS PAINTS

COVER THE EARTH.

The Sherwin-Williams paints are put up in 1/2 pint, pint, quart, 1/2 gallon and 1 gallon cans, all colors, ready for the brush.

ENGLAND AND FREE TRADE.

With a South African war debt of some \$800,000,000, England is just now struggling with a question of finances that is a little perplexing.

The protective tariff of the United States has not only put our manufacturers on their feet, but has also enabled us to encroach on foreign markets so vigorously, that England is feeling the competition very keenly, and realizes that something must be done for self protection.

The easiest and most practical solution presented is the tariff solution, and while the system is contrary to all the usages and traditions of the mother country, the chances are that she will be compelled to adopt something of the kind in the near future.

Free trade England has been the watchword of American democracy for many years. Ex-President Cleveland was badly tutored with the theory during his term of office, and was so much in sympathy with foreign customers, that when he gained absolute control of congress, he did not hesitate to apply the theory to this country. How well it succeeded is still fresh in the minds of the people.

He forgot that America is for Americans, and England is just discovering through force of circumstances that American financiering, when intelligently handled, will bear not only close inspection, but some methods, including the much maligned protective tariff, can be adopted with profit.

The tariff will never again be an issue in this country. It will gradually disappear as reciprocal relations are established, but not until its mission is fully accomplished.

The short era of free trade was an object lesson that will not soon be forgotten. While Bryanism, populism and various other isms may clamor for recognition, with a lot of impractical theories including free trade, the business sense of the country, backed by an army of contented workers, is satisfied to let well enough alone.

When England issues her tariff schedule, free trade idols will rapidly disappear.

OUT OF HIS ELEMENT.

Prince Peter Kropotkin, the Russian anarchist, exiled from his own country, because of treason, and disloyalty addressed an audience at Central Music Hall, Chicago, the other evening, and deplored the loss of his comrades in the Haymarket riots.

He referred to them as fellow heroes, working for the emancipation of the oppressed and said that their names would live as martyrs in the world's history. He defined anarchy as advanced socialism, and predicted that the time would come when all utilities would be common property, and when state and national government would be abolished, because every man would be a law unto himself.

It is not at all strange that Russia decided to dispense with the services and presence of Peter Kropotkin. He belongs to the Herr Most and Clarence P. Darron contingency and will be a valuable acquisition to a small but select set of agitators who are more noisy than dangerous. It is generally conceded that the lessons of the Haymarket riot, where the most salutary and effective of any ever given in this country. While the land is full of socialistic theories of the Bryan and Debs type, that, given control, would soon lead to a state of anarchy and ruin. Yet the good hard sense of the country is so largely in the majority that the danger line is too remote to cause uneasiness.

A state occasionally breaks loose and goes off on a rampage, but the influence is not felt beyond the borders of the state. If Peter Kropotkin wants to live comfortably in this country, he had better locate in Texas or Nebraska, or better still in Kansas, where he would be absolutely harmless. Chicago may endorse him for a time, but the atmosphere will not be healthy, unless he changes his creed. This country has no use for Russian anarchists or disciples of that peculiar faith from any other land. The school is too ancient to mix well with the modern American reformer and the latter are numerous enough to keep the American people guessing a good share of the time.

There are several disgruntled people in Boston, that Prince Peter might associate with for a time, if he don't care to go west.

AGUINALDO'S SURRENDER.

The capture of Aguinaldo by General Funston, made him a captive, but his surrender was not complete until his proclamation of the nineteenth inst. was issued.

While this proclamation indicates that he spent fully a month with Webster in preparation of it, the tone of it is all right. He acknowledges that he and his people were compelled to

submit to a stronger power, but that greater liberty than his race has ever known, is the price of submission.

The Filipino nation has just commenced to live, and while the race is crude, and many of the tribes barbarous, the progress of civilization will be rapid and very satisfactory.

It is well that force of circumstances has compelled the rebel chief to become an ally. He will bear watching for a time, but when his suspicions are fully allayed, he will be an enthusiastic worker for good government.

STREET ASSESSMENT COMMITTEE MEETS

Very few property owners gathered at the city clerk's office this afternoon to meet the street assessment committee which was in session to hear protests against the proposed macadamizing of South Third street from Main to Jackson street. South Second from Main to East street. North Bluff from Milwaukee to North Third, Franklin from Dodge to Pleasant. Academy from Pleasant to Milwaukee. Marion from Pleasant to Milwaukee and Pleasant from High to the Five Points.

No objections were offered by any of the residents on South Second, South Third, Franklin, Academy and Marion streets.

George O. Buchholz presented a petition from some of the property owners on North Bluff objecting to the work being done until North First street had been brought to a grade. Herman F. Buchholz wanted something done from the hill east of the street and wanted sewerage and water mains put in first. Thomas Bowles wanted the entire street paved if any part of it was paved. A record was kept of the objections which will be presented at the next meeting of the council.

SEALED PROPOSALS FOR MASONRY WORK

Work on the canning factory is progressing satisfactorily. Sealed proposals will be received at the office of Evans & Morris, architects, 429 Hayes block until Friday April 26 at 6 o'clock p. m., for masonry work on Janesville Canning Co's. buildings. A TRYING POSITION

Janesville Readers Will Appreciate This Advice.

A constant itching tries your patience. Nothing so annoying. Nothing so irritating as itching piles or eczema. To scratch the irritation makes it worse, to leave it alone means misery. Some citizens can tell you how to be free from these troubles. Read the following:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itching of the skin, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had at affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Also on sale at King's Pharmacy.

Remember the name, "Doan's," and take no other.

A School Teacher and Five Friends to Hear Robson

That great actor in "She Stoops to Conquer" at Myers Opera House, May 3 The Gazette stands the expenses.

THE GAZETTE has purchased a box for Friday, May 3, when Stuart Robson produces "She Stoops to Conquer," at Myers Opera House, which will be presented to the most popular school teacher, same to be decided by coupon vote. The motive that prompts The Gazette to make this unusual offer is that the famous poet, Oliver Goldsmith, is the author of the play, and all students should be familiar with his works. To vote, cut out the coupon from The Gazette, sign the name of your favorite teacher and mail or bring to the Dramatic Editor of The Gazette. All votes must be cast by noon of Thursday, May 2. The box will hold six, thus giving the winner of the contest the privilege of choosing five other friends for her party.

There will be no expense incurred. The Gazette pays the bills. If you make it a point to see that your favorite teacher secures a great many votes, undoubtedly if she is chosen she will include you in the party. Look for the coupon each day.

STUART ROBSON

I vote for Teacher School as the popular person who is to receive the box for Stuart Robson's production of "She Stoops to Conquer" at the Myers Opera House, Friday, May 3.

COLD WATER PAINT.

DURABLE AND CHEAP. We are agents for the famous Cold Water Paint, "Indurine." It's fire proof, cheap and durable. Just mix the paint with water in place of oil. That's all there is to it. The cost is one third less. Come in and allow us to explain.

MEMORIAL CHURCH ORGAN TO THE LATE MRS. GRACE MOUAT JEFFRIS

**A Magnificent New Instrument to Be Placed in the
Congregational Church by David Jeffris—Also
an Echo Organ by Mrs. Cornelia R. Webb.**

A magnificent new organ is to be placed in the Congregational church by David Jeffris as a memorial to his wife, the late Mrs. Grace Mouat Jeffris, and to his deceased son, Thomas Jeffris.

In connection with this gift an echo organ is to be placed in the rear gallery of the church to be a memorial to the late James A. Webb of this city. The echo organ is the gift of his widow, Mrs. Cornelia R. Webb.

Mr. Jeffris has had this memorial to his wife and son in mind for some time and when Mr. and Mrs. W. S. Jeffris were in Boston last fall they visited Hutchins & Co., famous organ builders, who have erected many of the finest organs in the East. Specifications were drawn for Mr. Jeffris which called for an expenditure of something over \$5,000 and the new organ will doubtless cost in the neighborhood of this sum, although the make of organ to be put in the church has not been definitely decided upon.

When the present organ was placed in the church Mrs. Webb gave the church \$1,000 towards its cost, the amount being given in memory of her husband. Naturally it was necessary to obtain her consent to the proposed change and as it was not known how she might feel on the subject the entire plan was kept as quiet as possible. When seen, however, Mrs. Webb was not only willing, but delighted at the change. Not only is she influenced by her desire for the advancement of the interests of the church, but she had a very high regard for Mrs. Jeffris and is pleased to see a memorial for her placed in the church. Furthermore it makes her memorial to her husband a distinctive one. The significance of the gift is in a measure lost in the present organ but the echo organ will be known as the Webb memorial organ.

WORK ON SURVEY TO BEGIN AT ONCE

**BELOIT GRANTS THE ELECTRIC
ROAD A FRANCHISE.**

The Ordinance Satisfactory to Mr. Clough Passed the Council Last Night—Still a Few Changes to Be Made, However—No Time Will Be Lost to Begin Construction.

H. H. Clough of Ellyria, O., representing the Beloit, Delavan Lake and Janesville electric railway, arrived in the city this morning from Beloit. The ordinance granting the railroad a franchise through Beloit was passed and was accepted by Mr. Clough for the railroad company, with two exceptions which will be fixed at the next meeting of the council.

Mr. Clough and the judiciary committee had a meeting yesterday afternoon and agreed upon an ordinance which was agreeable to both parties. At the meeting of the council in the evening, before the passage of the ordinance, a couple of amendments were tacked on changing the life of the franchise from fifty years as asked for to thirty years and changing the style of rails from tie rails to girder rails.

Mr. Clough informed the council that these two clauses would have to be changed or he could not accept the franchise. He had a talk with the members of the judiciary committee after the council meeting and was assured that the matter would be fixed up at the next meeting of the council as he desired.

The route through the city of Beloit will be the one known as the Central Bridge route which gives both sides of the river a portion of the line and passes every business house in the city. It crosses the Central bridge to Fourth street and then re-crosses the river from Fourth street to the river road along which the right of way has been secured.

Mr. Clough has with him G. W. Knox, an electrical engineer from Chicago and H. H. Jackson, a civil engineer, who will have charge of the construction of the road and will begin the survey at once. Mr. Jackson has been the engineer for Hayes Bros. of this city in all of their enterprises and is a very capable engineer.

Mr. Clough and his party left today overland and will ride over the entire route looking over the ground and seeing what will be necessary in the line of grading and line work.

He has not yet decided from what point the work will be started as that will be left to the engineer to fix after he has made his survey. It is now a settled fact that the road will be built and will be built by the way of Beloit and no more time will be lost in getting to work on the construction of the line.

When completed the road will be

Mrs. W. S. Jeffris. The echo organ is rather of a novelty, there being but a very few of them in this country. It is played by the organist at the main organ and can be used in unison with the large organ or independently.

Mr. Jeffris' gift is one that will be greatly appreciated by the members of the Congregational church, not only for the intrinsic value of the organ and the delight which will be taken in its music, but even more because the rich tones will speak beautifully and inspiring of a life that for over half a century was one of the most blessed influences in the church. Mrs. Jeffris was a member of the Congregational church for fifty-two years and her individuality as well as that of the entire family is closely interwoven in the history of the church. To the many who knew and loved Mrs. Jeffris, her voice will be heard in every melodious note of the new organ and the helpfulness of her noble life will be fittingly perpetuated. Those who knew her the best will appreciate best how this generous thought of her husband's would meet with her heartiest approval. No memorial could have been selected which would symbolize her grand life and its value will be enhanced by the association of the name of the beloved son whose death occurred so shortly before that of his mother.

The organ when completed will be by far the most costly one in the city and will be welcomed by the public generally and especially by people who are interested in music. All of the large concerts are held in the Congregational church and the benefits of the memorial gift will reach beyond the limits of church membership.

The organ will be put in as soon as the present one can be disposed of. The church trustees already know of several churches which are looking for an organ and they anticipate no trouble in selling it. At the request of Mr. Jeffris, the trustees have appointed A. E. Matheson and F. F. Lewis to confer with W. S. Jeffris, who will represent his father in the purchase of the organ. The work will be pushed as rapidly as possible.

one of the best in the country. The cars, rails, equipment and power house will be equal to that of any road now in operation in the United States.

The cars will leave the end of the line every thirty minutes during eight months of the year and every hour during the balance. The time between this city and Beloit and Rockford will be materially less than that now consumed by the railroad trains in making the trip.

Express trains that do not stop between stations will be run and also local trains that will stop at any point.

The route from the city limits into the center of this city has not yet been definitely settled but will be fixed when the council takes up the matter of granting a franchise on April 29. The end of the line will be somewhere on Main street or on one of the streets crossing Milwaukee street on the West side of the river.

JUST PLAIN TALK TO THE PUBLIC

**Local Business Firm Makes Statement
That is Well Worth Con- sidering.**

Plain talk is what we want on subjects that should interest the people, and we can give it to them on pianos. We are here for that purpose; our line embraces the highest number of the most well known makers of pianos of this country. We do not claim anything but facts; our motto in business has always been fair prices for good goods. Our business has increased every year, which shows that the people have confidence in our methods and our friends are those we have sold to; once a customer always a friend. Truth is admired at all times. We make no false statements, and we can convince you our talk is plain and our pianos are what will interest you; so if you want a piano call and see us while this great sale is on; 20 per cent from regular selling prices.

WILLIAM NESBIT IS CRUSHED TO DEATH

**FELL BENEATH WHEELS OF A
MILWAUKEE ROAD TRAIN.**

**He Was a Young Man About Twenty-
Eight Years of Age, and Had
Lived in Janesville All His Life—
How the Accident Occurred—
Funeral Tomorrow Afternoon.**

On the thirtieth anniversary of the death of his mother, William Nesbit, of this city, was crushed to death beneath the wheels of a Chicago, Milwaukee & St. Paul freight train yesterday morning at Genesee.

His mangled body was brought to this city by Undertaker Frank D. Kimball on the 2:25 train this afternoon and was taken to the home of Mrs. Amelia Nelthorpe, 159 Cornelia St.

Nesbit was a young man about twenty-eight years of age and had resided in Janesville all of his life. He had been employed as a cutter in F. M. Marzuff & Co's. shoe factory but on Saturday he went to Milwaukee to seek employment there.

He started for home on the Sunday night passenger train and had money to pay his fare to Waukesha. He did not get off the train at Waukesha and at Genesee, the next stop, he was put off.

He spent the night in the tank house and yesterday morning about ten o'clock he made the attempt to ride home on the freight train under whose wheels he came to his death. He took his position on the front end of a coal car and it is thought that his hat started to blow off in the wind which was quite strong where he sat.

The theory of the accident is that in leaning forward quickly to catch his hat he lost his balance and fell.

The body below the waist was crushed badly. Both legs were completely severed from the body and the right hand was cut off above the wrist. The wheels passed directly over the lower part of the bowels. The accident happened at the West switch at Genesee just after the train had started. The body was taken back to Waukesha where Mr. Kimball went for it.

The young man leaves two sisters shocked and saddened by his tragic death, Mrs. Bert Nelthorpe of Monmouth, Ill., who was visiting in the city, and Miss Sue Nesbit of this city. Miss Nesbit had completed all arrangements to leave for Seattle at midnight tonight. Mr. Nelthorpe, the unfortunate man's brother-in-law, arrived in the city this noon.

Funeral services will be held from Mrs. Nelthorpe's home tomorrow afternoon at two thirty o'clock.

NEWS OF A PERSONAL NATURE

T. S. Nolan was in Beloit last evening.

Mrs. M. E. Woodstock spent the day in Beloit.

Carl F. Brockhaus is in Brodhead on a business trip.

Father Buckley of Delavan is the guest of Father Goebel.

G. W. Knox of Chicago, electrical engineer of the new road was in the city yesterday.

MR. JAMES SHEARER GOT THE CONTRACT

**He Will Build the New Freight Depot
of the Milwaukee Road on
North Main Street.**

The contract for building the new freight depot on North Main street for the Chicago, Milwaukee & St. Paul railroad has been awarded to James Shearer of this city. The structure will be 173 feet long by 32 feet in width, one story high, of brick with a slate roof. It will front on Main street and will be an ornament to that part of the city. The work will be commenced at once and rushed to completion. It is expected that it will be finished in sixty days.

A coat of good paint is to your house what a good garment is to you—protection and improvement in looks. In selecting paints you should consider the same points as in selecting a garment—its composition, looks, wearing qualities and cost. Lowe Brothers' Paints are right in every respect and cheaper than others in the long run, for they cover more, wear longer and look better. Before you paint let us talk it over with you at Koerner Bros' New Drug Store, corner Milwaukee and Jackson Sts., John Harry and George Koerner, Props.

HOLD-UP OF A FAST EXPRESS

Seven Robbers Loot Choctaw
Special in Arkansas.

TWO TRAINMEN ARE WOUNDED.

Messenger and Porter Fight Bravely—
Safe Is Blown Open with Nitro-glycerine—
Amount Taken Not Known—
Bloodhounds on the Trail.

Memphis, Tenn., April 23.—The fast express on the Choctaw, Oklahoma & Gulf railroad was held up and robbed by masked bandits just across the river in Arkansas last night and in the battle that took place the express messenger and the porter of the train were wounded. The robbers escaped with their booty, the amount of which is not known. The Wells-Fargo Express company usually sends its largest shipments by this train, so it is probable that the plunder was valuable. The local officers cannot say positively how much money was aboard, but the sums sent out over the Choctaw road frequently reach big amounts.

Scene of the Hold-Up.

The scene of the hold-up was Bridge Junction, Ark., a lonely and isolated railroad crossing, about four miles from the river. The train, Express No. 4, which left here at 11:40 o'clock, reached the station at midnight. It always stops for passengers before proceeding on its way west. There was an unusually large passenger list last night. When the train stopped at the junction, which is the crossing with the Iron Mountain road, seven masked men appeared. All had revolvers, and one or two cared for each member of the train crew who appeared on the platform.

Express Car Cut Loose.

Two of the robbers boarded the engine, compelled the engineer and fireman to step down and accompany them to the rear of the express car, which they uncoupled from the rest of the train. Returning to the engine the robbers, at the point of their pistols, forced the crew to pull out a mile or two. The negro porter, Gould, who was in the express car with the messenger, aided the latter in barring the door against the bandits. The robbers used iron bars on the door, and soon had an opening.

Trainmen Fight Bravely.

The messenger and porter fought bravely with the bandits, but were outnumbered, and after a brief struggle the colored man fell with a bullet in his body, while the messenger was bent into unconsciousness.

Safe Is Blown Open.

The Wells-Fargo safe was then attacked. The robbers used nitro-glycerine to blow open the strong box. Everything of value in the express car was taken, the bandits then leaving the train and disappearing into the darkness. It is supposed they had horses ready to aid in their escape. As soon as the masked men left the train the engineer and fireman backed the engine, tender and wrecked car back to Bridge Junction, where the passenger cars still were standing. A posse of passengers and trainmen started at once in pursuit of the robbers, while the police in this city were telegraphed for aid.

Bloodhounds on the Trail.

Bloodhounds from the convict camp at Hubert, three miles from the scene of the robbery, were secured and put on the trail of the robbers. The passengers, many of whom already were asleep, did not realize what was happening until the engine and express car had been carried away.

Gold Found at Shelbyville.

Shelbyville, Ill., April 23.—Much excitement has been caused by the discovery near here of ore that assays \$800 of gold to the ton. Experts declare it will grow richer as the bluffs in which it was found are worked, and plans have been made for immediate development.

Try a package of Mrs. Austin's Wheat Food, fine for breakfast, delicious for dessert, sure to delight.

Bishop of Oxford Dead.

London, April 23.—The Rt.-Rev. William Stubbs, bishop of Oxford, died. He was born June 21, 1825.

Dam at Middlefield, Mass., destroyed by flood and several houses swept away.

Buy Mrs. Austin's Famous Wheat Food, rich in phosphates and gluten. All grocers sell it.

MORGAN FORMING A COTTON TRUST

It Will Have a Capital of \$500,000,000 and Will Control All Factories North and South.

Fall River, Mass., April 23.—A cotton mill trust with a capital stock of \$500,000,000 and which will include factories both north and south, is reaching the launching stage, according to several local manufacturers. It was stated today that J. P. Morgan & Co. are carrying on the negotiations.

The first move to attract attention to the projected combine was the sending of agents through the southern states, whose business it was to lock over the value of that locality to ascertain the value of plants and sound the owners, with an idea of obtaining control of the stock.

This work has been going on quietly for a number of weeks and as many of the mills of the south are under absolute control of northern commission houses little difficulty was experienced in bringing these corporations into line.

This has been done so quietly that the real motive was not realized until it was discovered that the agents of the proposed trust had options upon nearly every plant in the south. With the certainty that the southern competition could be eliminated a concerted movement has been started in the north to bring every mill manufacturing cotton cloth and all the print works in the country into a trust which shall absolutely control the business and be managed by a few successful agents.

Mrs. David Nee of Fort Atkinson visited her daughters, Mrs. M. P. Dee and Miss Katherine Nee, 51 Terrace street.

Nature's Powers of Healing.

HOW IT CURES

PROF. FUNK

In answer to numerous inquiries concerning his method of treatment, Prof. Funk gives the following brief explanation:

Every action in the body is under control of the nervous system, and to have perfect health this system must be in perfect condition. The amount of blood brought into the organs of the body depends on the action of the nerves which control the blood vessels in these parts. When the action of the nerves becomes perverted there is either a contraction or dilation of the blood vessels controlled by these nerves. If the vessels are contracted the blood supply is insufficient; if dilated, too much blood is brought into the organ, in either case disease is the result. To restore health the circulation must be equalized, and to do this the nerves are stimulated by treating the nerve centres. Drugs, electricity, surgery or hypnotism are not used, but an understanding of the nervous system and how it controls the machinery of the body is necessary to effect a cure. That this method of healing is marvelously successful in curing disease can no longer be doubted, as scores of people in this vicinity have been restored to perfect health by means of magnetism after all other remedies had failed.

Prof. Funk extends to the suffering a cordial invitation to investigate his method of healing. If he cannot cure you, he tells you so. Examination and consultation absolutely free.

for a suit built so it cannot break down. Shoulders and collar perfect. It has the proper hang in back of coat and the trousers simply so perfect fitting. You'll be mad at yourself you haven't tried one of our suits before. Prices right too: \$15, \$18 and \$20 for rightly cut and trimmed suits, a saving of \$5 to \$8 on the so called made to your measure suits and so much better you will be surprised.

GIVE US A CHANCE to show you how good clothing will fit.

COLORED AND WHITE SHIRTS

TO YOUR MEASURE. Don't take them if you are not satisfied with the fit. Could there be a fairer proposition?

\$1.75 Upwards for Colored Shirts.
\$1.50 " " White "
